## AV/IT Requirements for Presenters

Each room has a Windows 7 PC (full internet access, Microsoft Office installed), data projector, screen and loudspeakers as standard. There is also a standard VGA lead (with 3.5mm stereo audio jack) for mobile devices. If your device does not have a VGA socket (15pin D shape socket, see below) you will need to bring an adaptor with you.

Larger rooms have the above, plus desk-mounted and radio lapel mics to enable you to be heard throughout the room. Wi-Fi/Wireless networking is available throughout the site and all attendees will have access upon arrival at the conference.

*\*Any other requirements please contact AV Support Service via*

*[av-support@educ.cam.ac.uk](mailto:av-support@educ.cam.ac.uk) with 'BIBAC2016' somewhere in the title/subject line.*

### What technology will your presentation require?

- PowerPoint/Keynote
- Video file playback (embedded in PPT/Key. OR as a separate file)
- Own device plugged in (laptop, tablet, etc.)
- DVD/Blu-ray video playback
- CD audio playback
- Other

If 'Other' was chosen, please describe, using sketches if useful to explain:

#### ***A Handy Tip:***

*It is always a good idea to have a backup copy of your presentation, either on a USB drive, physical disc or online using a cloud-based system (Google Drive, Apple iCloud, etc.) especially if travelling overseas.*
