

Graduate Application Form guidance notes for the Progression from PGCE to Masters (also known as 'PGCEM'). Open to Faculty of Education PGCE graduates only - course code: EDM14

The Faculty of Education is asked by the Graduate Admissions office to make recommendations on applications for the MEd programme but all final decisions on admissions to PGCEM courses are made centrally by the Graduate Admissions office.

The application form is a generic form used across the whole university for a number of programmes, and some sections are not applicable to PGCEM applicants. As the PGCEM course application is different to other University of Cambridge courses you are **not** required to submit the following via the Graduate Admissions application portal:

Transcripts

As you have either completed your PGCE or currently studying your PGCE, this is the academic criteria required for course entry. This will be checked by Graduate admissions in due course. A PGCE transcript is not required at application.

Academic references

You do not need to provide references. However, please see application notes on other page under 'Reference request'.

Written work

No application written work is required.

CV

You are not required to submit a CV as part of your application.

Selecting your course from the Course Directory

To apply for the PGCE-MEd course, please go to the [Course Directory](#)

It is very important to select the correct course, as the application will be made directly to the course that you select. To ensure you find the correct course, please tick '**Masters**' and '**part time**' and put the title of your course in the filter box (for example '**Researching Practice**'). You then need to make sure that you select the course with '**PGCE entry only**' at the end.

Further info

Contact Lisa at lz334@cam.ac.uk for further queries on applying to the PGCEM

This is a step by step guide to the online application form sections and what to enter specifically for PGCEM application:

About You

Personal Details [Add details](#)

Contact Details [Add details](#)

Nationality & Visa [Add details](#)

Additional Information [Add details](#)

Course Application

Reference Request You do not need to provide references. You can fill in the details of your PGCE personal tutor and one other of your PGCE tutors but DO NOT enter the email details for them, instead tick the box as though the referee has no email address. This will mean that they are not contacted so you do not need to approaching them first.

Academic History Add PGCE year (even if currently completing the PGCE), PGCE phase and subject, add degree.

Employment History [Add details](#)

English Language [Add details](#)

Research

Proposed supervisor Optional. Add a suggested supervisor if you wish. Adding a name here does not guarantee that you'll have as supervisor, however it may help the course academic team when allocating supervisors for the course.

Proposed title of research Optional. This does not need to be defined at application stage, however if you wish to add a proposed title you may do so.

Research Summary Add a suggested research area. Your research area does not need to be defined at this stage, however a sentence or two is sufficient as an idea of the area you wish to research. Again this information is useful for the course academic team when allocating supervisors.

College Membership [Add details](#)

Other Information [Add details](#)

Course Specific Questions [Add details](#)

Funding

Finances [Add details](#)

Scholarships No funding is available for PGCEM course so please note 'No' here

Gates Funding No funding is available for PGCEM course so please note 'No' here
