The Trust is the work

with guest speaker Tracey Fuller
Saturday 27th January 2018 10am to 12:30pm

Workshop overview
This phronetic case study explores how school counsellors maintain alliances with young people when sharing information because of safeguarding concerns.

Tracey Fuller will present the findings of her ESRC funded, innovative and award winning research which investigates how counsellors keep trust going when they need to prioritize young people’s right to safety over their right to confidentiality. Tracey’s presentation will include showing the CPCAB film of her research. She will focus on what the practical wisdom of counsellors, young people and school safeguarding officers reveals about this complex area of therapeutic practice in school counselling. How does continued counsellor psychological availability during information sharing impact upon trust in therapeutic alliances? The central finding concerns counsellor availability, empathy and containment. In May 2017 Tracey was presented with the CPCAB/BACP Research Award for this project at the BACP Research Conference in Chester.

Speaker Biography
Tracey is an UKCP registered Psychotherapeutic Counsellor who has contributed to the BACP accredited Child and Adolescent Psychotherapeutic Counselling programme at the Faculty of Education, University of Cambridge. She is also a Teaching Fellow in the School of Education and Social Work at the University of Sussex.

Tracey has many years of experience of working therapeutically with children; including working for the NSPCC and as a school counsellor. She has contributed chapters to recent books on school counselling and working therapeutically with young people in care.
