

Accessing ebooks@cambridge via Newton

All ebooks have “Library Location: Electronic Book”

The screenshot shows the Newton catalogue interface. At the top, it says "UNIVERSITY OF CAMBRIDGE" and "Newton, catalogue for the libraries of the University". Below this is a navigation menu with links for search, recalls & requests, libraries directory, change catalogue, search multiple catalogues, search history, your account, and help. The current catalogue is set to "Department & Faculty Libraries A-E". The search criteria are "Builder = (cohen)[in Author Name] AND ('research methods in education')[in Title]". The results show 4 entries, sorted by date. The first entry is highlighted, showing the title "Research methods in education [electronic resource] / Louis Cohen, Lawrence Manion and Keith Morrison." and the library location "Library Location: Electronic Book".

Viewing an ebook in NetLibrary

How to view an ebook

- From the eBook Details screen, to read the full text of the ebook click on “View this eBook”.
- When you view an ebook the Table of Contents is displayed on the left side and the text on the right side.
- The navigation tools available depend on the format of the ebook you are viewing. An Adobe Reader is used to view an ebook in PDF format. You can move around the ebook using the navigation bar at the top of the text and the tool palette on the left.
- An open ebook will be closed after a period of inactivity of 15 minutes.

Opening more than one ebook

- The title of the ebook currently open will appear on the top left of the screen. Click on “Close Item” to close the current ebook. You can switch between several open ebooks by selecting a title from the drop-down menu labelled “Other” and clicking on “Go”.

What if all copies of an ebook are being used?

- Access to the ebooks is on a first-come first-served basis and there is a limit on the number of people who can view an ebook simultaneously.
- When you wish to view an ebook and all the copies are in use, you will be given options to view the Table of Contents and to be notified by e-mail when a copy of the ebook becomes available.

Using an ebook in NetLibrary: additional features

Setting up an account

- You will need to set up an account within NetLibrary if you wish to save your own notes and lists of ebook titles.
- Click on “Create a Free Account” on the top right corner of the NetLibrary home screen.

Creating your own notes and lists of titles

- You can add your own notes to a page of an ebook and save them for future use. Open the page of the ebook. Select “Notes” from the left hand side of the screen.
- Enter a name for your note in the “Name” field. Enter your text in the “Note” box and then click on “Add Note” to save.
- To save details of an ebook in your list of favourites, click on the “Add to Favorites” option next to an ebook in your search results or in the “EBook Details” display, or when viewing the book select the “eContent Details” tab and select the option “Add to Favorites”.

Searching within the text

To search within the text of an ebook, enter a term in “Search this eContent” on the bottom left hand side of the screen.

Dictionary and thesaurus

When you are viewing an ebook select The “Dictionary” tab on the left of the screen to access the online dictionary or thesaurus.

Copying and printing

- There are copyright restrictions on ebooks in the same way there are on printed books.
- You can copy or print from an ebook in accordance with current copyright legislation. It is your responsibility to make sure you stay within copyright law.
- Use of ebooks is monitored and suppliers will withdraw access if evidence of copyright abuse is detected.

Online help

Click on “Help” on the top right hand side of the Home page and also have a look at tips in other areas of NetLibrary such as “Search Tips”.

Viewing an ebook in MyiLibrary

How to view an ebook

- When you view an ebook the Table of Contents is displayed on the left side and the text on the right side.
- The navigation tools available depend on the format of the ebook you are viewing. An Adobe Reader is used to view an ebook in PDF format. You can move around the ebook using the navigation bar at the top of the text and the tool palette on the left.

Using an ebook in MyiLibrary: additional features

Searching within the text

When you are viewing an ebook select the Search tab at the top left hand side of the screen and enter your search term.

Dictionary

When you are viewing an ebook select the “Dictionary” tab on the left of the screen to access the online dictionary.

Copying and printing

- You can copy or print from an ebook in accordance with current copyright legislation.
- There are copyright restrictions on ebooks in the same way there are on printed books, and it is your responsibility to make sure you stay within copyright law.
