

Masters in Education, Globalisation and International Development Admissions Written Tasks

Please note: If you are applying for the 1-year full time MPhil, please complete the tasks below. This route is not open to part-time MPhil, PGCE-MEd or PACES-MEd applicants.

Thank you for your application. We request two written tasks to assist in the selection process. Please upload these two tasks as one document.

1. Please write an essay of maximum 500 words (strict limit) addressing an example of a research idea that you may want to explore as part of the course and how you would like to go about it (for example which research question may you explore, what readings may you do, what methods might you use, etc.)?

Please write this as an essay rather than as a research proposal.

2. A short critical analysis (500 words strict limit) of the following research article. Please comment particularly on the **research methodology**.

Please use this article, which is Open Access:

Hester van de Kuilen, Hulya Kosar Altinyelken, Joke M. Voogt & Wenceslas Nzabairwa (2020) Recontextualization of learner-centred pedagogy in Rwanda: A comparative analysis of primary and secondary schools., *Compare: A Journal of Comparative and International Education*, DOI: [10.1080/03057925.2020.1847044](https://doi.org/10.1080/03057925.2020.1847044)
