

Graduate Application Form guidance notes for the Progression from PACES to Masters (also known as 'PACESM') for 2022 entry. Open to Faculty of Education PACES graduates **only** - course code: EDM15

The Faculty of Education is asked by the Graduate Admissions office to make recommendations on applications for the MEd programme however all final decisions are made centrally by the Post Graduate Admissions office.

The application form is a generic form used across the whole university for a number of programmes, and some may not be applicable to PACESM applicants, as indicated on the right. PACESM course application requires submission of the following details and documents via the Graduate Admissions application portal:

✓ Transcripts

It is not necessary to upload a transcript of your PACES course as this will be verified by Post Graduate Admissions, however please upload transcripts of previous qualifications. If you are currently completing your PACES course then please note this in the **Academic History** area of the application form.

✓ Academic references

Please provide details of 2 academic references.

✓ Written work

You are required to complete a written task for PACESM courses (except for the Transforming Practice course). The written task can be found on the course page via the PACESM webpage <https://www.educ.cam.ac.uk/courses/graduate/masters/paces/>

✓ CV

Please note that applicants must upload a Curriculum Vitae with academic and employment history

Selecting your course from the Course Directory

To apply for the PACES-MEd course, please go to the [Course Directory](#). It is very important to select the correct course, as the application will be made directly to the course that you select. To ensure you find the correct course, please tick **'Masters'** and **'part time'** and put the title of your course in the filter box (for example **'Transforming Practice'**). You then need to make sure that you select the course with **'PACES entry only'** at the end.

This is a step by step guide to the online application form sections and what to enter specifically for a PACESM application:
