

**Masters in Psychology and Education
Admissions Written Task**

Please note: If you are applying for the full time MPhil in Psychology and Education, please complete the task below. This route is not open to PGCE-MEd applicants.

Please describe your learning goals for the MPhil programme in no more than 500 words (including references). Explain what you hope to learn and how these goals relate to your future career aspirations. You may also draw on relevant theories or research on learning to reflect on how you approach your own learning and professional development.

Essays beyond the word limit will not be accepted. Please upload the written task with your other application documents. Applications cannot be considered unless the written task has been received.
